www.bigweathergear.com

To be the trusted solution for the best quality outdoor gear for your active lifestyle and your everyday needs; offering an outstanding customer experience to ensure your needs are met.

Helly Hansen Newport, the oldest Helly Hansen licensed store in North America, has become a world wide distributor of the finest boating, winter sports, and rainwear gear available.

Our partnerships with the movie industry, government and corporations in various industries continue to forge our diverse path. Helly Hansen Newport has outfitted crews from the America's Cup, the Volvo Ocean Race, the Newport to Bermuda Race, as well as many professional skiers and riders. Additionally, Helly Hansen Newport has provided solutions to many businesses for corporate and sales events as well as reward/recognition programs.

Potter League www.potterleague.org
Enriching Lives

Helly Hansen Newport believes in giving back to the community. The Potter League for Animals is our company's charity of choice in addition to many other civic organizations. Supporting these causes provides us with a badge of pride in our company.

Embroidery services

Helly Hansen Newport has the ability to custom embroider or screen print from 1 to 10,000 units. Our local warehouse and distribution center receives and ships in a professional and efficient manner.

Helly Hansen Newport is here to assist you with expert advice on selecting the best gear for your next outdoor adventure. Our team members are outdoor enthusiasts and use all our gear for skiing, sailing, hiking expeditions and more. As a result, we can offer firsthand experience to help you select the best gear to choose for your next trip to the slopes, trails or offshore.

We are famous for Outfitting Active Lifestyles for Big Weather.

Since 1877, Helly Hansen has been producing high quality, protective technical gear for work survival and sport.

Helly Hansen introduced the acclaimed 3-Layer System in the early 1970's, and it quickly became the industry standard.

Our performance baselayers with Lifa® Stay Dry Technology™ has kept athletes in the performance zone for more than 30 years.

The unique **lifa** technology transports excess heat and moisture away from the body, allowing for extended comfort and performance.

HELLY HANSEN BREAKS DOWN THEIR WATERPROOF/BREATHABLE TECHNOLOGY, HELLY TECH, INTO 3 CATEGORIES:

1. HELLY TECH PROTECTION

Your everyday protective shell for all types of weather. Helly Tech Protection is just as suited for the urban lifestyle as it is for the great outdoors.

2. HELLY TECH PERFORMANCE

Perfect for all performance-oriented outdoor activities like sailing, skiing, climbing and hiking. When staying dry, Helly Tech Performance is essential.

3. HELLY TECH PROFESSIONAL

Whether you're competing in the world's biggest ocean races or scaling the highest mountains, Helly Tech Professional is the choice of professionals.

HELLY TECH

For everyday use and moderate weather conditions **HELLY TECH® PROTECTION** gear will keep you dry, comfortable and protected. Since the 1980's Helly Tech® fabrics have kept outdoor enthusiasts dry and comfortable by letting condensation and perspiration escape while keeping rain, wind and snow out.

HELLY TECH® PROTECTION gear is fully seam sealed, waterproof, windproof and breathable.

Waterproof – Breathable – Guaranteed

For high intensity challenges in any weather conditions **HELLY TECH® PERFORMANCE** gear will keep you dry, comfortable and confident throughout your adventure. Specifically designed **HELLY TECH® PERFORMANCE** fabrics deliver sport specific performance with high waterproof and breathability ratings to keep you comfortable and focused on your challenge. All seams are fully taped for optimum waterproof performance.

Waterproof – Breathable – Guaranteed

For extremely challenging wet, cold and windy conditions and the toughest physical challenges

HELLY TECH® PROFESSIONAL will keep you dry, warm and confident. The highly advanced

HELLY TECH® PROFESSIONAL fabrics are engineered to meet the most demanding professional requirements. They push the boundaries of technical fabric engineering and offer waterproof and breathability ratings tailored to the unique performance needs of professionals. All seams are fully taped and welded to our highest specifications for long lasting, professional grade performance.

Waterproof – Breathable – Guaranteed
